

ALL SORTS OF LITTLE JOTS

News Notes of Street and Town Too Brief for Headings

Fair and warmer weather forecast.

The University will open tomorrow morning.

Monday is Labor Day and the post-office will observe Sunday hours.

Miss Loder and Miss Frey have returned from the east where they spent their vacation.

Geo. Aguayo who was injured at the race track a few days ago, is much improved.

The N. P. W. & L. Co. has nearly completed the reconstruction of the electric lighting system.

Frank Norcross is expected back from the seaside tomorrow. His health is materially improved.

Superintendent Parry is at Pyramid overseeing work in the Pacific Consolidated Company's mines.

The body of Ed Broderick who was shot the other night was embalmed and shipped west yesterday.

Herbert Fleishhacker president of the Nevadaater Light and Power Company is up from San Francisco.

The Carson Appeal has jumped into the band wagon of progress and is putting out a greatly improved paper.

Handsome Building

The second story of the new Journal building is going up as fast as the bricklayers can work. This will be one of the most handsome and substantial structures in this city.

Big Doings at the Wedekind Mine

Tomorrow or Tuesday the Sparks mill will begin its first cleanup by roasting the sulphides. The amount of values in this first run is difficult to estimate, but it should be at least one hundred thousand dollars.

The cleanup will be celebrated by the greatest two day's festivity that the State has ever seen. The fun will begin on the 10th. Bees and mutt-tons will be barbecued by the dozen and preparations will be made to banquet thousands of people. Every man, woman and child in Reno, or in Nevada for that matter, is invited to be present. Quite a number of them will partake of Mr. Sparks' hospitality. There will not only be feasting, but music and dancing for old and young.

Need More Room to Do Business In

The Nevada Meat Company is one of the most prosperous industries in the State. It has been in operation only a few months but it has built up a tremendous trade.

The abattoir was at first thought to be ample for all the business that would come to the company for many years but it soon became crowded. An addition costing between \$8000 and \$10,000 is now being built to the establishment.

A "Bull" Dehorned

The Journal office is barricaded and all the members of the force are piled to the teeth. Sam C. Dunham is hanging around the front of the building and Billy Booth is on his way to Reno as fast as steam can bring him. There will probably be several fatalities when the enemy are mustered. The Journal stated yesterday that Sam Dunham owned a half interest in the Tonopah Bonanza, when it should have read Miner. Naturally both the gentlemen aforesaid have been handed an insult that must be wiped out with blood.

Filtering Works

The material has all been ordered for the big filtering plant that will be put in at the city reservoir. The delay in beginning work on the plant has been caused by waiting for the iron and steel work.

The filtering plant will cost at least \$35,000.

The New Overland

Alex. Dromiacs new Overland hotel is beginning to assume great proportions. It is now finished to the top of the third story, so far as the walls are concerned. It is built of pressed brick and will have a palatial appearance.

Cold lunches at the J. J. Becker saloon, Commercial Row.

CLOSE OF THE CONFERENCE

Work of Nevada Mission of the Methodist Church

The Methodist conference was opened yesterday morning with devotional exercises by Rev. Robert Pike.

Rev. Albion's report on Bible Cause was reported.

An interesting address was made by Dr. Bovard. The auditing committee reported having examined the books of Superintendent Vandeventer and finding them correct. Several addresses were made and reports submitted and adopted.

AFTERNOON SESSION.

The afternoon was given over to the convention of the Epworth League. After organization the following officers were elected:

President, Geo. H. Smith, Vice President, Miss Grace Herrick, Secretary, Miss Mabel Chalfant, Treasurer, F. C. Everett.

The ministers and their wives at 4 o'clock attended a reception given them by Hon. Francis G. Newlands and wife at their beautiful home.

The bishop called the conference to order for business. The missionary appropriations for the ensuing year, were read by the Secretary J. M. Wilson presented the report of the Committee on Resolutions. Among the resolutions adopted were the following:

Resolutions laudatory of Bishop Joyce, esteem and affection for Superintendent Vandeventer, sympathy for Dr. Stubbs in his illness, thanking Dr. Phelps Mr. and Mrs. Newlands and the people of Reno generally for hospitality.

Last evening was the Epworth League anniversary. W. E. Gibbs made the opening address. Bishop Joyce followed with a splendid address upon the work of the League.

Larger Water Mains

The N. P. W. & L. Co. is distributing seven carloads of water mains, that will be laid at once in order to provide fire protection in districts of the town that have recently built up so that the present mains have become inadequate.

Death of Mr. Williamson

Station Agent Williamson received a telegram late last night informing him that his father had died suddenly at his home in Seattle.

The deceased was aged 85 years. Mr. Williamson left on train No. 5 to attend the funeral.

The Tonopah Labor Unions have made extensive preparations for the celebration of Labor Day, September 1.

REPUBLICAN CONVENTION

County Ticket Nominated in This City Yesterday

The Republican convention of Washoe county was held yesterday in Investment hall and a ticket nominated, besides the transaction of the other business coming before that body. Oscar Smith called the convention to order. He made a brief address, after which there was music by the Eagle band.

General Turritt and Sam Hodgkinson were named as temporary chairman. Mr. Turritt withdrew in favor of Mr. Hodgkinson.

A. W. Cahlan was chosen temporary secretary and E. C. Leadbetter sergeant-at-arms.

Committees on Credentials, Permanent Organization and Order of Business and Platform and Resolutions were appointed, after which a recess was taken until 1 p. m.

The following County Central Committee was named: Reno, S. J. Hodgkinson, Louis Della Plaza, James Mayberry, L. D. Folsom, A. Nelson, J. R. Sanders, D. E. Morton, Glendale, Fred Stevens, Verdi, W. A. Cobb, C. B. Derby, Browns, J. W. Hopkins, Franktown, and Washoe, E. Harris, Wadsworth, T. G. Herndon, E. T. Lathrop, E. McPherson, R. H. Cowles, Salt Marsh, James Dunn.

The platform was then read. It opened by congratulations on the good times that followed the election of President McKinley, then paid a lengthy tribute to the memory of the latest of our martyred Presidents. The irrigation measure received a bare mention as a portion of the tribute to President McKinley.

The same fate met the bill appropriating the money wherewith to erect a public building in Reno.

Later the irrigation measure was taken up again and given this paragraph:

We endorse the National policy of irrigation and the law passed for the reclamation of the arid lands of the west and we suggest to the State Legislature that at the coming session measures be taken to demonstrate to the Department of the Interior the splendid possibilities of our rich and fertile valleys and the facilities for water storage on all of our streams.

A plank was inserted favoring the eight-hour-law.

Another plank endorsed the public schools and University and favored a free public library.

A paragraph was devoted to municipal matters.

Judge Hawley was endorsed for United States Senator.

A plank opposed reduction of interest on State land contracts.

An objection was also filed against the pollution of the waters of the Truckee river.

The platform ended with favoring appropriations for the State Fair.

The platform was adopted and the convention proceeded to nominate. Hon. P. L. Flanagan was nominated by R. L. Fulton for the State Senate. The address contained reference to the work of Senator Flanagan in the interest of municipal progress. There were no other nominations and the choice of the convention was expressed by acclamation.

The following were nominated for the assembly: M. E. Ward, David Leishman, Louis Berrum, S. J. Hodgkinson, John W. Wright, George Thompson and R. H. Cowles.

There was no opposition to the nominations of Charles H. Leeper for sheriff. He was the unanimous choice of the convention.

W. A. Fogg was nominated for County Clerk by acclamation.

John H. Reid of Wadsworth was nominated for Auditor and Recorder. His opponent was A. G. Welty.

Mr. Welty was then nominated for county treasurer by acclamation.

Albert G. Ayres was the unanimous choice of the convention for district attorney.

T. K. Hymers was nominated to succeed himself as long term commissioner of Washoe county.

Henry Stevens was nominated for short term commissioner.

There was a rather close contest between Mr. Peers, the present incumbent, and Joseph Megler for the nomination as coroner. Mr. Peers was selected.

Richard Nunn, "Uncle Dick," was the choice of the convention for the office of justice of the peace, and Ward McNulty was nominated Constable.

Services Today in Reno Churches

BAPTIST—The regular 11 o'clock service will occur at usual at the Baptist church today and our congregation will have the pleasure of hearing Rev. Dr. Dodge, of Carson, preach. Dr. Dodge is considered one of the best preachers in the Nevada Conference and we consider ourselves fortunate in hearing him at our church.

The Sunday School will follow immediately after the morning service. There will be no evening service and our congregation is expected to attend the Methodist church.

CONGREGATIONAL—The morning service will be omitted that all may have the privilege of hearing the sermon by Bishop Joyce at the Methodist Church. The evening service will be held as usual. Sunday school at 10 a. m. and Christian Endeavor at 6:30.

PRESBYTERIAN—Organization services of the Presbyterian Church in Kinderarten hall corner of Walnut and West streets. At 11 a. m. the committee of the Presbytery of Sacramento will organize the Church. Rev. Warren C. Sherman of Sacramento will preach the sermon. Communion service will follow the enrollment of members.

Made a Very Odd Convention Address

A very odd address was made by Mr. Ayers yesterday when he was nominated for district attorney. After stating, among other things, that he was born in a county where it was considered a greater crime to be a Democrat than it was to be a cut-throat, he pointed to the picture of the late C. C. Powning, which hung upon the wall and stated that Mr. Powning, his uncle, was also a Republican.

As Mr. Powning was proprietor of The Journal, a strong Silverite and, it may be stated positively, voted for Bryan. Mr. Ayers' allegation was a very queer one indeed.

Fine Dining Place

Where will you dine today? The Hotel Nevada offers a tempting menu. This has become one of the leading family dining places in the city. If you have not already tried the cookery of the Hotel Nevada this is a good day to begin.

F. M. Ish, general manager for the Weepah mining company, will shortly visit Owens river for the purpose of examining sites for water power. The building boom continues according to the arrival of material to supply the demand. Lumber has risen to \$65 per thousand. Over 50 lots were staked out last week.

PERSONAL AND SOCIAL

Mentionings of People as They Arrive and Depart.

Henry M. Soule is here from Boston.

Kickapoo Oil
The excruciating pains of Sciatica grow less severe instantly and soon subside when the course of this oft time troublesome nerve is rubbed vigorously with Kickapoo Indian Oil. Anyone who has Sciatica would give a fortune to be rid of it. A fortune isn't necessary for a cure. Kickapoo Indian Oil costing only 25 cents a bottle will do it.

ROBS SCIATICA OF ITS TERRORS

"I have used your wonderful Kickapoo Indian Oil with the best results. Being Civil Engineer I am subject to Sciatic pains, Cramps from fording streams, sleeping out of doors in tents, etc. I have derived more relief and benefit for these troubles from one bottle of Kickapoo Indian Oil than from a dozen doctors, and this is without exaggerating."—E. The Frisco Letter by Madame On Dit

Written for The Journal.

Naturally there is not much else talked of at present but politics, and the political question in Sacramento—Gage and Anti-Gage. Before this reaches you the question will have been solved. So there is no use in my making any prophecies. Though there has been a great deal of newspaper talk, and no little abuse, I really think there is not much bitterness underlying it all. California is so wonderfully prosperous just now that the general public feels whatever happens must eventually be for the good of the State. A candidate upon whom preference seems generally to have settled is Judge William Beatty, the Chief Justice of the State, who is up for re-election. I have yet to hear his first dissenting voice, of the first word said of him in connection with his candidacy. Judge Beatty is the same unaffected, cordial man that he was, when nearly thirty years ago he filled as Judge, his first political position in Nevada at the same time his father was Judge of the Supreme Court of the same State. It is no unusual thing in an afternoon stroll down street to meet Judge Beatty, Judge Garber, Judge Deal, Harry Cresswell and William Woods, all old residents of Nevada, and all men with whom Dame Fortune has dealt most kindly.

The genial Harry Cresswell as the years go by grows very much like his uncle, Harry L. Thornton, who was one of the best known and most dearly beloved men of his day, and of whom men yet speak with the uncertainty equal in the voice, and with a feeling which tells the story of a long affection for a never to be forgotten friend, whose loyalty and high sense of duty and honestly endeared him to the high and low, the rich and the poor.

The Honorable Mr. Beatty has been moving and delightful summer abroad in his country home in the main part of the month. The Beatty family is certainly a remarkable one, and the career of each of the seven sons and daughters is one of which those belonging to them could well be proud. Albert Beatty, the Professor of Physics at the University of Chicago, has made himself famous all over the world by his discoveries in light. Charles, a younger brother is one of New York's bright writers, one of the sisters is dramatic critic of the Philadelphia North American, while another sister stands in the front ranks of San Francisco's finest authors.

Endless litigation and many a fat fee has been lost to the legal summaries of our city by the peaceable settlement between Mrs. Oelrichs and Mrs. Vanderbilt with the relatives of the late Charles Fair. The possible and probable attorneys in the matter were being regarded with longing, envious eyes, by the less fortunate attorneys. But all this has been done away, and peace reigns in the family that was hitherto proved such a veritable bonanza to the legal profession.

Remarkable stories are told concerning the enormous sums received by Garber, Bishop, Novels, Wheeler and I know not how many more since the adjustment of the Craven.

Gun Club Formed

The property owners in the vicinity of Glendale held a meeting yesterday and organized the Glendale Gun Club. The purposes of the club are not only for sociability and target practice, the encouragement of legitimate sport, but also to protect themselves, their cattle and other belongings from the poor marksmen who go out from Reno. The officers of the club are: U. B. Hercherberger, president, J. F. Kleppe, secretary; Wm. Curnow, treasurer.

Fair estate matters have been quiet in the family and it seems almost unfair (an unconscious pun that), that not only the attorneys but the eager public should be deprived of spicy revelation and knotty legal problems, by a flat dull compromise.

The Fair estate has for the present abandoned all idea of the magnificent hotel on California street, next to the Flood mansion. The decision is a wise one for the erection of hotels and large boarding houses is rapidly being overdone. Just as it was in Chicago a few years ago. San Francisco is essentially a city of homes and it not yet large enough for a huge uptown hotel.

Matters social are very quiet, but the monotony is to be broken in the coming month by two swell weddings, one a huge church affair, to which fifteen hundred invitations have been extended, and the other a large home affair, to which two hundred friends have been asked to the ceremony and breakfast at high noon. Miss Sophia Pierce and Doctor Brownell are the participants in the second affair, the bride being one of San Francisco's thoroughly popular girls, a graduate of Vassar, pretty, attractive and enormously wealthy. The affair will be as elaborate and elegant as wealth can make it, and already presents are crowding in upon the young couple. The church wedding is that of Miss Annie Landers and Jack Johnston, of Los Angeles, a grandson of General Albert Sidney Johnston. Mrs. Sidney Johnston was at one time a resident of Virginia City, going there after the death of her husband at Shiloh.

This is midseason it is too early for all as too late to write about the fashions, clothes and such frivolities. It will interest my feminine readers and I tell them I hear there is some news of Mrs. Bessie Foote Stewart going to San Francisco this fall, bringing with her a beautiful stock of goods imported direct from the stores of the leading modistes of Paris, similar to those which she has so successfully handled in Newport, New York and Washington.

Among the many guests whom Mrs. Phoebe Hearst will entertain this fall at her Hacienda, near Pleasanton, is Miss Minnie Thornburg Cropper, the daughter of Mr. and Mrs. Thornburg, who figured so prominently among the leaders of Virginia City. Then Mrs. Emily Baldwin, Mrs. William Stewart, Mrs. Trille and Mrs. Thomas Williams were the nucleus of a most delightful society.

Mrs. Cropper is a very handsome woman, fully six feet tall, very fair and with beautiful coloring. She is highly accomplished and a thorough woman of the world.

Among the bright women on the coast this summer is Mrs. Martin, the wife and one-time widow of Dave Cook, another old-timer of Nevada. Mrs. Martin has two handsome young daughters, and with them has been spending a delightful season in her home at Santa Cruz. She will return to Washington early in September, going abroad a little later with her elder daughter, Miss Theodosia Cook.

THE LAST CALL

As the season is drawing to a close, the Palace Dry Goods and Carpet House does not propose to carry over any goods from this season to next. Therefore they offer all this season's shirt waists, linen crash skirts and white P. K. shirts at an enormous reduction. All summer goods have the same fate. The Remnant Sale is still on.

DIED—In Reno, August 29, 1902, the infant son of Mr. and Mrs. B. F. Howard, aged nine months. The funeral will take place today at 10 o'clock, from the Adventist church. Friends and acquaintances are invited.

DON'T FAIL TO TRY THIS.

Whenever an honest trial is given
 to Electric Bitters for any trouble it
 is recommended for a permanent cure
 will surely be effected. It never fails
 to tone the stomach, regulate the kid-
 neys and bowels, stimulate the liver,
 invigorate the nerves and purify the
 blood. It's a wonderful tonic for run-
 down systems. Electric Bitters pos-
 itively cures kidney and liver troubles,
 stomach disorders, nervousness, sleep-
 lessness, rheumatism, neuralgia, and
 expels malaria. Satisfaction guaran-
 teed by S. J. Hodgkinson. Only 50
 cents.

A CITY EDITOR

Bright's Disease and Diabetes Are Positively Curable.

Before the business men who incorporated the
 Fulton Compounds invested they put them to
 the test in dozens of cases. Hearing that R.
 M. Wood, the editor and proprietor of The Wine
 and Spirit Review, of 530 Montgomery St. had
 a certain case of Bright's Disease, he was one of
 those urged to test it. The following letter will
 now be understood.

"Office Wine and Spirit Review,
 530 Montgomery St., San Francisco,
 Sept. 21, 1901.

"Gentlemen: I consider it my duty to tell
 the world what the Fulton Compounds did in
 my case. In November, 1899, after a long ill-
 ness, which carried me to the verge of the
 grave, a scientific analysis by the most noted
 analyst in this city disclosed that I was a vic-
 tim of Bright's Disease. My physician told me
 that my only hope lay in a strong constitution
 and a change to a warm climate. He suggested
 Santa Barbara, and I went there, having fallen
 from 225 pounds to less than 100 in a short time.
 "During my absence in the south a San Fran-
 cisco business man called upon my wife, and
 told her of the Fulton Compound, that it was
 actually curing Bright's Disease, and urged
 that I try it. I began under protest. I soon
 felt better. No more sleep returned, and in a
 few months I was in health. I now weigh
 230 pounds, and am in better health than I have
 in fifteen years. Naturally I told several
 friends and in every instance the results were
 the same, even where they had been suffering
 for years. The world ought to know that
 Bright's Disease is not just curable, and ap-
 propriately my own good fortune, I will be glad
 to give further details to interested parties.
 "R. M. Wood."

Medical works agree that Bright's Disease
 and Diabetes are incurable, but 87 per cent. are
 positively recovering under the Fulton Com-
 pounds. (Common forms of kidney complaint
 and rheumatism offer but short resistance.)
 Price, \$1 of the Bright's Disease and \$1.50 for
 the Diabetic Compound. John J. Fulton Co.,
 420 Montgomery Street, San Francisco, sole
 compounders. Free tests made for patients.
 Descriptive pamphlet mailed free.

SAVES A WOMAN'S LIFE.

To have given up would have meant
 death for Mrs. Lois Cragg, of Dor-
 chester, Mass. For years she had
 endured untold misery from a severe
 lung trouble and obstinate cough.
 "Often," she writes, "I could scarce-
 ly breathe and sometimes could not
 speak. All doctors and remedies failed
 till I used Dr. King's New Discover-
 ery for consumption and was com-
 pletely cured." Sufferers from coughs,
 colds, throat and lung trouble need
 this grand remedy, for it never dis-
 appoints. Cure is guaranteed by S.
 J. Hodgkinson. Price 50c and \$1.00.
 Trial bottles free.

MR. NEWLANDS' ADDRESS.

THE spontaneity and enthusiasm with which Mr. Newlands' candidacy was endorsed by both the Democratic and Silver party conventions made it sufficiently clear that the members had every confidence in his personal fitness. But if any doubt had ever existed, it would have been removed by his splendid, scholarly and statesmanlike address before the joint convention. It is hard to speak too highly of that address. It was calm, dispassionate, elevated and dignified in tone, full of deep and thoughtful philosophy, and yet in no way stilted or pedantic.

Mr. Newlands did not fire a single shot over the heads of those who listened to him, but, while laying down principles embodying the profoundest political philosophy, he did it in language that was on a level with the comprehension of all. He both looked and spoke the statesman in full sympathy with the longings and aspirations of the common people, including within that term all who perform honest labor of any useful kind. There was not the faintest trace of demagoguery in either his manner or his utterances—no playing for dramatic effect. And yet it made a profound impression—one which will last. It furnished food for reflection for many and many a day.

The universal comment of those to whom the address was more particularly directed is that it was admirable in substance and perfect in tone. It demonstrated the thorough mental poise and equipment of the speaker, and satisfied every listener that he is amply endowed with those qualities which give men preeminence and leadership in the United States Senate. Nevada is proud of him as her representative in the lower House of Congress, and there is no hazard in saying that her pride in him will grow and strengthen from the day he takes his seat in the Chamber which is the legislative home of the greatest legislative body in the world.

TOM JOHNSON.

EVIDENTLY Hon. Tom Johnson, mayor of the City of Cleveland, believes in the old doggeral lines:

If at first you don't succeed
 Try, try again.

For that is precisely what that brilliant and aggressive statesman does. He has urged a three-cent car fare in Cleveland. That was one of the principal planks in the platform upon which he won the mayoralty and became Chief Magistrate of Mark Hanna's town. The street railway magnates appealed to the Courts and undertook to restrain council from carrying out Tom's scheme, but the courts have decided in favor of Tom, which places him a long step further on the road to the governorship of Ohio and perhaps to the White House. Who knows? Stranger, much stranger things have happened, that Tom Johnson should succeed Theodore Roosevelt in March 4, 1905. In the very best sense he is the friend of the people, and he accomplishes things for them. He is a sharp thorn in the side of one Uncle Hanna. Wouldn't it be curious if Mark and Tom were both nominated for President in 1904? In that event Cleveland would be a red hot town.

CAN ELECT A YELLOW DOG.

THOMAS C. PLATT of New York said, "The Republicans can elect any ticket we nominate this fall; we can elect a yellow dog for Governor this year." This is part of an authorized interview on June the 29th last.

Rather a strong statement, we should consider. What a set of slaves that man Platt must consider the voters of the State of New York to be. To what base purpose may party loyalty be put when a political leader can say? "We can elect a yellow dog for Governor this year." Although Nevada is proportionately much stronger against the Republican party than New York is for it, we thank God the fusion party did not act upon that supposition, but, nominated one of the strongest and best men for Governor, as it did in the formulation of the entire ticket. A yellow dog would not make a good Governor and neither would the man whom the yellow dog is intended to typify.

Of course, Mr. Platt did not really mean a four-legged, long eared, long tailed, long haired, safe-

iron-colored canine, literally, but he did mean the type of man which this mongrel's characteristics would represent. What an insult such language is to the intelligence and the integrity and manhood of America. What a conception he must have of the ability of men to think for themselves, to decide for themselves, and to act for themselves. We may best form an estimate of the baseness of such utterances by applying them to the other fellow.

Democrats will consider that it was an outrageous thing for a Republican to say. If a Democrat said it, Republicans would feel that it was an outrageous thing for a Democrat to say. As a matter of fact, the saying is an outrageous one, no difference who made it, and it is in this light that intelligent, independent voters should view it.

RED TAPE is the string that binds Cuba to the United States.

AN automobile is like unto the trust in this: It rides rough-shod over the people who get in its way, without the slightest regard to their rights.

THE government of the United States has just let the contract for the printing of postage stamps for the next four years. The estimated requirement is 24,000,000,000. One can form an idea of what this number means when he is told that if the stamps were printed in one long strip, they would go around the world fifteen times.

LET us rejoice and be glad; a process has been discovered for drying potatoes, somewhat after the fashion in which apples and peaches are dried. Here is an opportunity to buy potatoes when they are cheap, and dry them, hang them on strings, and lay them away for use in the centuries to follow.

IF President Roosevelt were really in earnest in going after the trusts he would proceed against them criminally and for the rank violations of the law he would place a few of the arch conspirators in the penitentiary.

ABOUT OUR DISPLAY

Something That Should
Interest Everybody
in Nevada

Occasional reference has been made by The Journal to the recent exhibit from the State of Nevada in the San Francisco Ferry Building. Yesterday The Journal obtained the following items of interest from Major Ingalls, who had charge of the exhibit:

Other and valuable additions were added to the exhibit after its arrival at San Francisco, and every county was represented. The space allotted to Nevada, 20x8 feet, and 10 feet more is secured, but even this was found too small to properly display the minerals.

The booth was artistically trimmed with the colors of the K. P. order, to which was finally added a profusion of Nevada sagebrush. A large amount was reserved to present in little twigs to former residents, all of whom and many visitors expressed pleasure to receive the same.

The general opinion of the Nevada exhibit and of its booth by the San Francisco press, visitors and County Exhibit Committee was that it was one of the best in the nave of the ferry building.

The Elk head loaned by Hon. John Sparks attracted much attention. It was conspicuously mounted in the upper center of the booth. There was one hundred and twelve feet of shelving filled with minerals, from Peavine and Pyramid on the northwest to Searchlight district in the southeastern portion of the State.

The central front space was given to the ores from Tonopah, the two-year old camp. The specimens from this camp attracted no doubt the most attention of all the exhibit. Henry Cutting and Clay Peters represented the Tonopah Exchange and mines. They were frequently present to talk up that camp.

The ribbons of the K. P. colors divided the Tonopah ores from the others. The next attraction in point of interest was from the Wedekind mine, the J. & K. mine, Nevada Sulphur Company, Ely district, White Pine county, Humboldt and Elko county mines. A fine collection was also from the Con Virginia and Yellow Jacket mine of the Comstock.

The large picture of Reno from Cann's drug store, and those of Lake Tahoe, loaned by E. H. Prentice, added greatly to the attraction of the exhibit. The model of the underground workings of a mine, loaned by James Yeington, received a great deal of attention, as did also a fine collection of large photographs of the pioneers of the old Comstock mining camp. The latter has been brought to Reno with the Nevada exhibit.

The register of names shows representatives to the Nevada exhibit from the leading cities of Europe, Australia, Hawaiian Islands and from nearly every part of the United States. There was a constant request for information about the mining, agricultural and stock interests of Nevada, and opportunities for investment, and a great demand for some printed matter setting forth the resources of Nevada. It was very embarrassing to say to all "We have nothing, but give you names and we will send you some later."

The average attendance at the nave exhibits is estimated to have been over ten thousand visitors daily. Half a dozen live men could have been kept busy answering questions about Nevada's resources.

William McMurtry, chairman of the county committee, was constant in his courtesies and efforts to surprise the most of the visitors and it will no doubt prove a source of much profit in the future. Hundreds of parties expressed a purpose to visit Nevada with a view of investment. Mr. McMurtry kindly and constantly aided those in charge of the Nevada exhibit. This, with the acquaintance of Mr. Prentice with the county committee and the railroad officials, had much to do with the success of our exhibit, assisting in every way those in charge of it.

The booth was carefully taken down and, with the minerals, all shipped free to Reno, and is now in good order to be put up again as soon as a building can be arranged for it, which should be without delay.

The opinion of the San Francisco journals, her business men and the prominent men from eastern States, expressed to those in charge of the Nevada exhibit, was that it would no doubt do our State great good and bring her to the attention of capitalists who will seek investment there in the future. So may it prove.

President Roosevelt yesterday succeeded in shooting a bear in the wilds of New Hampshire.

In a dispatch from Shanghai, the correspondent of the Daily Mail says that the bodies of the missionaries Bruce and Lewis, have been recovered mutilated beyond recognition. The murderers made use of all kinds of weapons to kill Bruce. Lewis was speared and stabbed to death.

Having exhausted every other means for preserving peace in protecting the non-union men from violence on their way to and from the mines, Brigadier General Gobin, in command of the troops now in the coal fields, last night issued an order that the soldiers shall shoot any persons throwing stones or other missiles, and that if any of the mob resist the authority of the troops, they shall freely use their bayonets.

General Chaffee has cabled to the War Department that he and his successor, General Davis, are of the opinion that another regiment of cavalry can now be spared from duty in the Philippine Islands. The necessary orders have been forwarded to him to send one regiment, and six troops of the Ninth cavalry will be relieved from duty and will sail on the Logan for San Francisco on September 16th. The remainder of the regiment is to sail October 1st.
